TO: All Residents

BIN CHUTE ON FIRE

Dear Residents,

Recently, there was a bin chute that caught fire due to somebody's negligent act, damaging the internal wall tiles of the bin chute as well as the bin. Fortunately, the fire was discovered early and extinguished fast without turning into a building fire.

We would like to remind all residents not to throw any lighted items such as cigarette butts, joss-sticks, burning papers, highly flammable chemicals, etc. into the bin chute. This negligent act is dangerous and pose a fire hazard.

Your co-operation and understanding are much appreciated.

Yours faithfully,

Andy Tan
