Attention: All Subsidiary Proprietors / Occupiers

UPDATE ON COVID-19 – PRECAUTIONARY MEASURES

Given the announcement of the tightened safe management measures (SMMs) by Building Construction Authority (BCA), the Management not only continues but strengthen their SOPs on precautionary measures to ensure the health and safety of residents are attained: -

- A. More frequent disinfection of common areas which includes the lifts, lobbies, gym, function room, tennis courts and basketball court etc.
- B. Application of antimicrobial coating, “Sdst” to commonly touched areas (i.e., Lift buttons, intercom panel, door handles and etc.). “Sdst” is a self-disinfecting coating that inactivates viruses, kills bacteria and fungi. It can last up to 90 days upon application. You can find a notice on application is placed in every lift.

- C. We have also sought all the service providers (cleaners, gardeners, security guards and managing agent to take body temperatures twice daily – when they report for work). If body temperature exceeds 37.8 degrees, staff will need to report to his/her supervisor respectively and seek medical attention immediately.
- D. Visitors and contractors are required to fill in declaration form at the guardhouse as they have their body temperature taken.

We will continue to keep an eagle eye on the developments and to implement necessary measures to ensure that residents/occupiers will be able to go about their lives as normally as possible. More stringent control measures may be implemented as the situation evolves. While we understand these measures may cause some inconvenience to you but let us all do our part to win this fight against Covid-19.

Please do not hesitate to contact us at 6636 0981 if you need any clarification.

Thank you.

Yours faithfully
