**REPLACEMENT OF MULTI-TRAINER IN THE GYM**

We are writing to inform you about the current Multi-Trainer systems in our gym facilities.

Our contractor has thoroughly assessed our existing Multi-Trainer systems and concluded that its current condition is beyond economical repair due to the obsolete parts. As a result, we are actively sourcing new and advanced trainer systems.

We anticipate that this process will take a short period as we carefully evaluate and select the most suitable Trainer system that aligns with our gym's requirements and provides an enhanced fitness experience for our residents. We are dedicated to making this transition as smooth as possible.

We assure you that we will update you regarding the progress through another Circular.

Should you have any questions or concerns, please do not hesitate to reach out to the Management Team @ Tel: 6385 3912.

Thank You.

Yours Faithfully,

**Jasmin (Ms.)**
