

Date: 24<sup>th</sup> August 2023

Our Ref: 2023/4463/Correspondence/Cir/026

To: All Residents of La Fiesta

**LITTERING OF CIGARETTE BUTTS / RUBBISH / PERSONAL BELONGINGS**

We have received numerous complaints from residents who reported high-rise littering of cigarette butts and tissue paper being thrown from higher floor which landed onto the balcony of the lower unit. The lighted cigarette butts and ash may cause fire if they come into contact with any flammable materials (E.g. paper, cloth, etc.).

Please note that it is an offense for anyone who does not properly dispose any lighted materials and cause fire in the vicinity of the place where the person threw, any things to cause fire. Please also note that based on the By-Laws on Littering and Indiscriminate Dumping in La Fiesta,

“Any person who throws or deposits, or causes or permits to be thrown or deposited, any dust, dirt, ashes, refuse, offal, rubbish or other matter or thing anywhere other than in a refuse bin or receptacle shall be imposed with an administrative fee of S\$200 (excluding GST).”

Littering is against the Singapore Law and is a safety hazard to our residents. Singapore has strict laws against littering with heavy fines and corrective work for offenders. We would like to remind all residents to maintain and upkeep the cleanliness of the Estate and to have a harmonious living environment.

Kindly be informed that we will seek the National Environment Agency (NEA) assistance should the above-mentioned littering persist.

Those convicted of littering may be fined up to S\$1,000.00 or issued with a CWO (Corrective Work Order) of up to 12 hours or both.

Thank You.

Yours Faithfully,

**Jasmin Teo (Ms.)**  
Property Executive  
For and on behalf of the MCST Plan No. 4463
