To: All Residents of La Fiesta

**SUMP PUMP SYSTEM DOWN @ B2 CAR WASHING BAY**

The Management would like to inform residents of the temporary closure of the Washing Bay located in the Basement 2 Carpark due to sump pump system issues.

We have engaged the incumbent contractor for Domestic System – E&M Building Services Pte. Ltd. – and is waiting for the spare parts to come in to for the rectification works and will send another circular to inform residents of the completed works and reopening of Washing Bay.

We apologise for any inconveniences caused and seek your understanding on this.

Thank You.

Yours Faithfully,

**Jasmin Teo (Ms.)**
