To : All Residents of Livia

Dear Sirs / Madam

### CHANGE IN PEST CONTROL SCHEDULE FOR MASS FOGGING @ PASIR RIS GROVE

We refer to the above-mentioned matter.

The NCs/RN/MCST Councils along Pasir Ris Grove and Elias Green, namely Livia, NV Residences, The Palette, d'Nest, Belysa, Elias Green, Coco Palm would be doing a mass fogging at the same time to rid the estate from the dreaded mosquito.

The joint mass fogging would be done every 1<sup>st</sup> and 3<sup>rd</sup> Mondays of the month at 2.00 p.m. The NC/RN/MCST Council hopes that family member who are vulnerable to the smell has/have breathing difficulties to stay indoors or away from these areas during this period.

We look forward to your understanding and support by keeping your windows and doors closed during this period.

Please see below for the revised schedule for **April 2022**.
